Name _____ Date _____ Answer Key

Map: Regions of the United States

The United States is divided into several different regions based on geography, culture, climate, history, and many other factors.

The map below shows where each region of the United States is approximately located. In the list on the left, each region is named along with the states it covers. Find each region on the map, color it in according to the guide below, and label the states.

The United States by Region:

Great Plains (green): Montana, Wyoming, Colorado, Oklahoma, Kansas, Nebraska, South Dakota, North Dakota

Midwest (brown): Illinois, Wisconsin, Michigan, Minnesota, Iowa, Indiana, Ohio, Missouri

New England (gray): Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island

Northwest (blue): Washington, Oregon

Northeast (violet): West Virginia, Maryland, Delaware, Pennsylvania, New Jersey, New York

Southeast (pink): Louisiana, Arkansas, Mississippi, Alabama, Georgia, Tennessee, Florida, Kentucky, Virginia, North Carolina, South Carolina

Southwest (orange): Arizona, New Mexico, Texas

West (yellow): California, Nevada, Utah, Idaho, Hawaii, Alaska
