

**WEEK 2** 

# **FALL REVIEW PACKET**

**5 Days of Activities**

Reading

Writing

Math

Other Fun Stuff

# Helpful Hints

## Materials You Will Need:

- Pencils
- Colored pencils, markers, or crayons for some of the activities
- Scissors, glue, and other materials for some of the activities

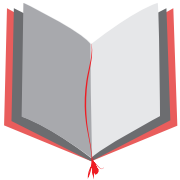

## Directions & Tips:

- There is a schedule for each day. You may complete the activities in any order.
- Make sure to plan your time so that you don't let things pile up at the end.
- Read the directions carefully before completing each activity.
- Check off each of the activities when you finish them on the menu.

# Activity Menu

	Day 1	Day 2	Day 3	Day 4	Day 5
<b>Reading</b> 	Sojourner Truth	Rocky Sings at Sunrise	A Chicken's Life Cycle	Compare and Contrast: Short Stories	Starfish Text Features
<b>Writing</b> 	About Me	Descriptive Writing Check-In	Adding Transition Words	Organize Your Informational Essay: Favorite Activity	Learning Through Research
<b>Grammar</b> 	Fix the Sentences: Rainy Day	Consonant Endings: -ed and -ing	Finding Root Words	Compound Word: Match, Meaning, and Draw	August 2020 Calendar: Days and Dates
<b>Math</b> 	Odds and Evens  Skip Counting by 2s, 5s, and 10s to 100	Cupcake Match  Learning About Numbers: Expanded Form	Comparing Three-Digit Numbers  Place Value: Numbers, Numbers	Triple-Digit Addition  Monster Subtraction	Three-Digit Addition and Subtraction  Word Problems: Subtraction
<b>Science, Social Studies, &amp; More</b>	Life Cycle of a Frog	Local Government: Mayor and Town Hall	Soil	Family Interview: Culture and World Events	Solar System Activity Placemat

# DAY 1

<b>Reading</b>	Read a timeline about the events of Sojourner Truth's life, and then answer questions.
<b>Writing</b>	Complete sentences to tell all about you!
<b>Grammar</b>	Fix sentences about a rainy day with correct capitalization and punctuation.
<b>Math</b>	Determine if the numbers are even or odd. Practice skip-counting by 2s, 5s, and 10s on a hundreds chart.
<b>Science</b>	Explore the life cycle of a frog.

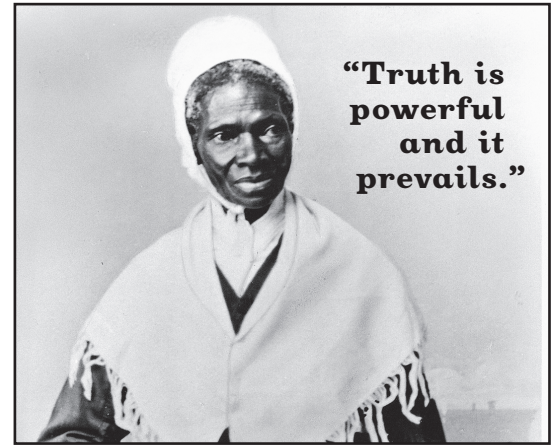

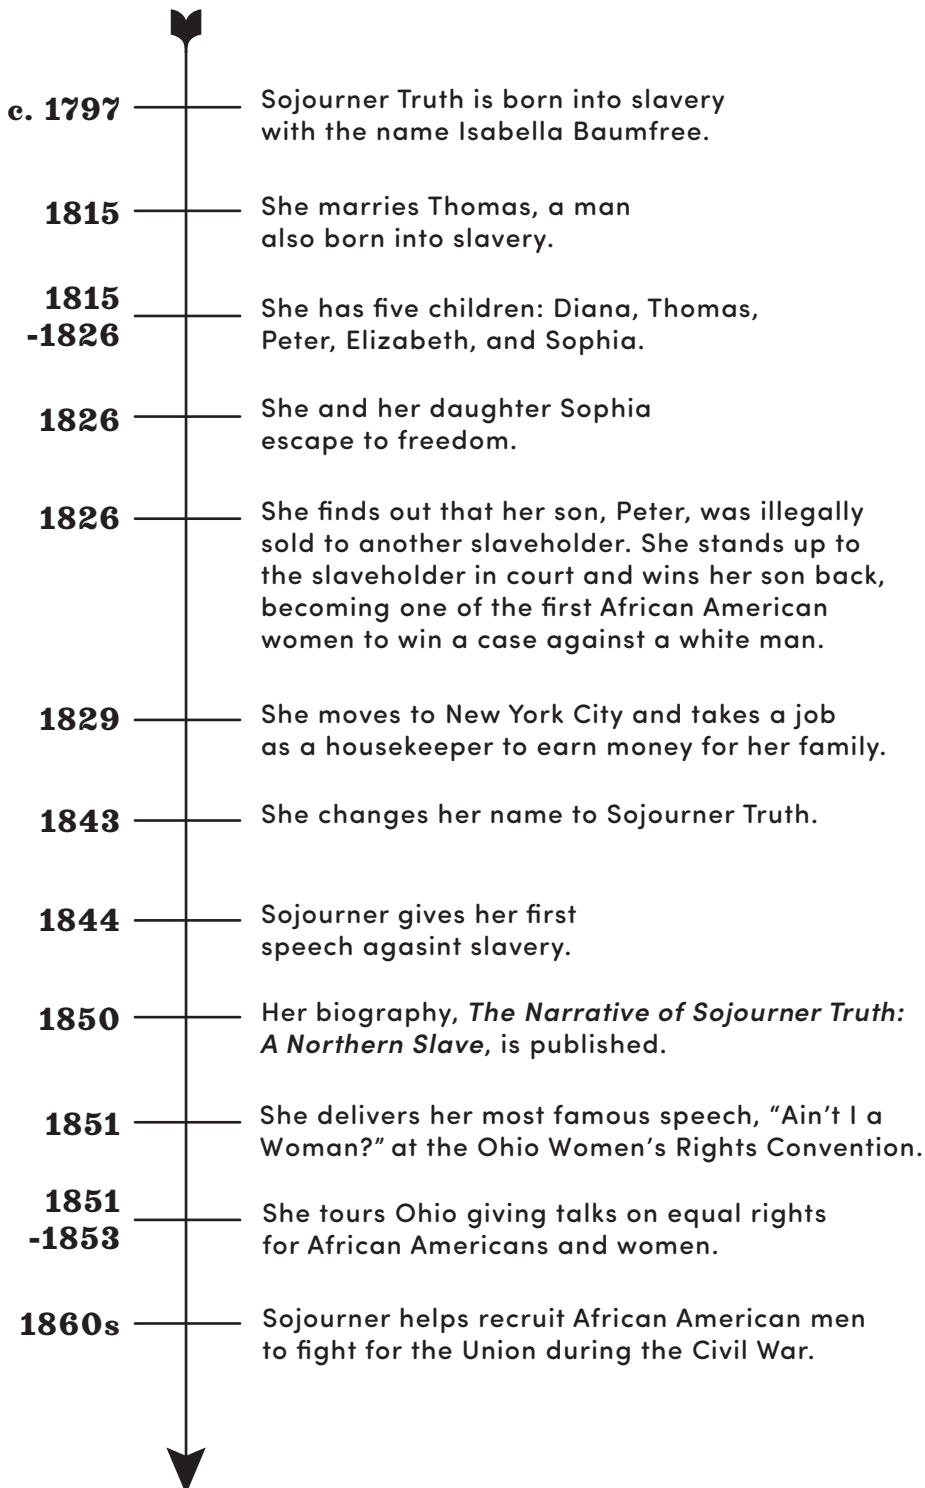

Name \_\_\_\_\_

Date \_\_\_\_\_

# Reading a Timeline: Sojourner Truth

Read the timeline about Sojourner Truth.

## Questions

Answer the following questions using the timeline.

1. In what year did Sojourner Truth escape from slavery?

\_\_\_\_\_

2. What happened in 1850?

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

3. Why do you think Sojourner Truth wanted rights for women as well as an end to slavery?

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

4. Why is Sojourner Truth an important historical figure? Name three reasons.

# Rainy Day

Write each sentence using correct capitalization and punctuation.

it is raining hard

---

i like to play in the rain

---

should i wear my boots

---

can we jump in the puddles

---

the snails will come out

---

i see a pretty rainbow

---

Name \_\_\_\_\_ Date \_\_\_\_\_

# Odds and Evens

Is the number odd or even? Color in the bubble next to the correct answer.

1. **23**    odd    even  
           

9. **45**    odd    even  
           

2. **8**    odd    even  
           

10. **70**    odd    even  
           

3. **76**    odd    even  
           

11. **12**    odd    even  
           

4. **64**    odd    even  
           

12. **3**    odd    even  
           

5. **12**    odd    even  
           

13. **58**    odd    even  
           

6. **57**    odd    even  
           

14. **83**    odd    even  
           

7. **5**    odd    even  
           

15. **2**    odd    even  
           

8. **91**    odd    even  
           

16. **11**    odd    even

# Skip Counting by 2s, 5s and 10s

1. Count by 2s and trace a **red** border around each box that you land on.
2. Then count by 5s and place a **blue** circle around the number in each box that you land on.
3. Finally, count by 10s and place a **green** X over the number in each box that you land on.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

## \*\*Challenge\*\*

1. If you keep counting on from 100, what is the next number you will trace in **red**?

2. If you keep counting on from 100, what is the next number you will circle in **blue**?

3. If you keep counting on from 100, what is the next number you will X in **green**?

# Life Cycle of a Frog

Cut out the pictures and paste them in the correct order on the life cycle chart.  
Then order the sentences on the page 2 by labeling them with the correct number.

# Life Cycle of a Frog

Put the sentences in order by labeling them with the correct number according to a frog's life cycle.

The cell inside the egg splits into two, then into four. This process continues until there are many cells in the egg. These cells develop into an embryo with living organs. After about 21 days the egg hatches.

The tadpole now looks more like a frog with a very long tail. It starts to eat insects. Over the next 12 weeks the tadpole's tail shortens, and at the end it becomes an adult frog and leaves the water.

The tadpole gets stronger over the next 6-9 weeks. It grows arms and legs, and its body gets longer.

Now the frog is fully grown. Later, it will return to the water to lay eggs.

After the egg hatches, a baby frog, or tadpole, comes out. It has a long tail. It swims in the water and eats algae to build up strength.

# DAY 2

<b>Reading</b>	Number parts of the story to put them in the correct order.
<b>Writing</b>	Use your five senses to write about a place you have visited.
<b>Grammar</b>	Practice writing verbs in past and present tense with -ed and -ing endings.
<b>Math</b>	Match the number to its word form. Practice writing numbers in expanded form.
<b>Social Studies</b>	Learn all about your local government by researching your town's mayor and town hall.

## BE A DETECTIVE

# Rocky Sings at Sunrise

This story is out of order and doesn't make sense!  
Number the parts of the story below to put them in the correct order.

\_\_\_\_\_ "I guess I don't sing as well as I thought," said Rocky to himself. The one camper who enjoyed Rocky's singing heard Rocky and said, "I love the way you sing, little bird. I'm sure the other campers do too, but you and the woodpecker are a little too loud."

\_\_\_\_\_ A sweet little bird named Rocky loved to sing loudly from his home in a Redwood tree. He woke up with the sunrise to sing along to the beat of woodpecker's pecking.

\_\_\_\_\_ One of the campers was awake and enjoying Rocky's singing, but the other campers were unhappy. "Why are those birds making so much noise?" groaned a grumpy camper.

\_\_\_\_\_ Rocky and the woodpecker made beautiful and soft music. The campers woke up one by one, and Rocky was excited to make them happy.

\_\_\_\_\_ One summer, some people came and camped under his tree. Rocky thought he would welcome them by singing for them early the next morning.

\_\_\_\_\_ The next morning, Rocky sang softly and the woodpecker pecked softly as well.

# Consonant Endings: **ed** and **ing**

For each list, circle the correct **ed** and **ing** ending for the verb.

**walk**      walkked      walked      walking      wakking

**jump**      jumped      jumpped      jumppping      jumping

**slap**      slapped      slaping      slapping      slaped

**pin**      pinned      pinning      pined      pineng

**dot**      doted      dotted      doting      dotting

**tan**      tanned      taning      taned      tanning

**wag**      wagdd      wagged      waggeng      wagging

**wink**      winkdd      winked      winking      winkking

**tug**      tuding      tuded      tugging      tugged

**pull**      puling      pulled      pulling      puled

Write the correct **ed** or **ing** ending for the word given.

1. Frank (tap) \_\_\_\_\_ his foot to the music.

2. Kristi is (put) \_\_\_\_\_ the cake in the oven.

3. Mindy (play) \_\_\_\_\_ with her friends after school.

4. Mark is (look) \_\_\_\_\_ for his other sock.

Name \_\_\_\_\_ Date \_\_\_\_\_

# Cupcake Match

Draw a line to match the number to the words.

1 ten and 2 ones

4 hundreds, 2 tens, and 3 ones

1 thousand, 8 hundreds,  
5 tens, and 4 ones

2 tens and 4 ones

2 hundreds, 1 ten, and 5 ones

1 thousand, 4 hundreds,  
8 tens, and 7 ones

3 hundreds, 1 ten, and 6 ones

Name \_\_\_\_\_ Date \_\_\_\_\_

# Learning About Numbers

## Expanded Form

Write the number from each expanded form:

1.  $100 + 30 + 3 = \underline{133}$

7.  $300 + 60 + 8 = \underline{\hspace{2cm}}$

2.  $200 + 20 + 2 = \underline{\hspace{2cm}}$

8.  $500 + 80 + 1 = \underline{\hspace{2cm}}$

3.  $400 + 50 + 5 = \underline{\hspace{2cm}}$

9.  $300 + 10 + 9 = \underline{\hspace{2cm}}$

4.  $700 + 40 + 6 = \underline{\hspace{2cm}}$

10.  $200 + 70 + 4 = \underline{\hspace{2cm}}$

5.  $600 + 20 + 5 = \underline{\hspace{2cm}}$

11.  $400 + 60 + 2 = \underline{\hspace{2cm}}$

6.  $800 + 30 + 1 = \underline{\hspace{2cm}}$

12.  $900 + 80 + 7 = \underline{\hspace{2cm}}$

Write the expanded form of each number:

1.  $156 = \underline{100} + \underline{50} + \underline{6}$

7.  $583 = \underline{\hspace{1cm}} + \underline{\hspace{1cm}} + \underline{\hspace{1cm}}$

2.  $481 = \underline{\hspace{1cm}} + \underline{\hspace{1cm}} + \underline{\hspace{1cm}}$

8.  $342 = \underline{\hspace{1cm}} + \underline{\hspace{1cm}} + \underline{\hspace{1cm}}$

3.  $286 = \underline{\hspace{1cm}} + \underline{\hspace{1cm}} + \underline{\hspace{1cm}}$

9.  $712 = \underline{\hspace{1cm}} + \underline{\hspace{1cm}} + \underline{\hspace{1cm}}$

4.  $622 = \underline{\hspace{1cm}} + \underline{\hspace{1cm}} + \underline{\hspace{1cm}}$

10.  $943 = \underline{\hspace{1cm}} + \underline{\hspace{1cm}} + \underline{\hspace{1cm}}$

5.  $568 = \underline{\hspace{1cm}} + \underline{\hspace{1cm}} + \underline{\hspace{1cm}}$

11.  $866 = \underline{\hspace{1cm}} + \underline{\hspace{1cm}} + \underline{\hspace{1cm}}$

6.  $452 = \underline{\hspace{1cm}} + \underline{\hspace{1cm}} + \underline{\hspace{1cm}}$

12.  $694 = \underline{\hspace{1cm}} + \underline{\hspace{1cm}} + \underline{\hspace{1cm}}$

Name \_\_\_\_\_ Date \_\_\_\_\_

# Local Government

## Mayor and Town Hall

**Where is your city or town hall located? Who is your mayor?**

Visit your local city or town hall (or look them up online!) to find out.

Then complete the form below.

Mayor's name: .....
Mayor's address: .....
.....
Mayor's phone number: .....

**Underline the facts of what a mayor does.**

runs the city/town

runs the police department

picks up litter

appoints others to city/town positions

delivers mail

promotes tourism

serves coffee

walks your dog

creates city/town taxes

meets the people

**What other actions do you think a mayor should perform?**

.....

.....

.....

•• Use the back of the worksheet if you need more space to write.

**Circle the facts about city or town hall.**

government offices are located here

official documents are housed here

bands play here

the mayor has meetings here

you can go shopping here

strikes can happen here

jury duty is served here

the President lives here

# DAY 3

<b>Reading</b>	Determine the meaning of unknown words in this short text about a chicken's life cycle.
<b>Writing</b>	Add transition words to directions for making spaghetti!
<b>Grammar</b>	Identify root words in the word search.
<b>Math</b>	Compare three-digit numbers and put them in order. Determine the place value of four-digit numbers.
<b>Science</b>	Learn all about soil and determine the main idea.

## A Chicken's Life Cycle

### Part 1:

Read the informational text about chickens. Next, use a dictionary to figure out the meaning of the underlined words. Record the meaning of the words below!

Chickens experience change throughout their life. This is called a life cycle. Chickens are **oviparous** animals. Oviparous animals hatch from an egg. Let's learn more about a chicken's life cycle!

To create an egg, a cell from a female hen and a cell from a male rooster join. Together, these cells create an **embryo**. The egg starts as a yolk. Next, the hen's body makes the egg white, also called **albumen**, and it forms around the egg.

Before the hen lays the egg, the egg is covered in a calcium-rich shell. The shell protects the embryo inside the egg. The albumen acts like a soft cushion and keeps the embryo safe.

The hen needs an entire day to create the egg. Inside the egg, there is enough food to help the embryo grow. Hens make sure their eggs are safe and don't get too cold.

1. \_\_\_\_\_ means \_\_\_\_\_.

2. \_\_\_\_\_ means \_\_\_\_\_.

3. \_\_\_\_\_ means \_\_\_\_\_.

**Part 2:**

Finish reading about a chicken's life cycle. Use a dictionary to figure out the underlined words. Record the meaning of the words below!

Next, hens sit on their eggs to keep them warm. This is called **incubation**. Once the mother hen starts incubating the egg, the embryo starts changing into a baby chick. The brain, eyes, and heart begin to form!

After two weeks of incubation, the embryo forms a small, hard bump on the end of its beak. The hard bump is called an **egg tooth**. The egg tooth helps the baby chick break open its shell when it's ready to hatch!

Once the newborn chick is out of its shell, the mother hen makes sure it stays safe. The mother hen keeps the chick warm and teaches it how to find food and drink water.

Chickens are interesting birds! Chickens live in the wild and are raised by people. All living things go through a life cycle, and a chicken's life cycle starts with an egg!

4. \_\_\_\_\_ means \_\_\_\_\_.

5. \_\_\_\_\_ means \_\_\_\_\_.

Date: \_\_\_\_\_

# Adding Transition Words

**Directions:** Read the story and answer the questions below.

## Steps to Make Spaghetti

1) \_\_\_\_\_ collect the ingredients. 2) \_\_\_\_\_ put  
water into the pot and turn on the stove. 3) \_\_\_\_\_ you  
wait, start cooking the sauce. When the water is boiling, put the  
noodles into the pot. 4) \_\_\_\_\_ ten minutes, drain the  
noodles with a colander. 5) \_\_\_\_\_ , add the sauce and  
cheese.

1) Which word fits best at #1?

- A) Next
- B) Finally
- C) First

2) Which words could fit at #2?

- A) Next or Then
- B) First or Finally
- C) Next or First

3) Which word fits best at #3?

- A) Finally
- B) While
- C) Next

4) Which word fits best at #4?

- A) After
- B) While
- C) Next

5) Which word fits best at #5?

- A) Finally
- B) While
- C) First

# Finding Root Words

A root word can stand on its own, but can also be modified with suffixes and prefixes to make new words. Circle the root word in each of the words below. Then find the root words in the word search.

# Numbers, Numbers

Write the place value for each numeral on the chart.

	thousands	hundreds	tens	ones
1,754	_____	_____	_____	_____
2,698	_____	_____	_____	_____
4,761	_____	_____	_____	_____
7,240	_____	_____	_____	_____
5,379	_____	_____	_____	_____
3,105	_____	_____	_____	_____
6,982	_____	_____	_____	_____
9,012	_____	_____	_____	_____

Draw a line to match the number to the words.

2,328

5 thousands, 8 hundreds, 3 tens, and 4 ones

3,424

3 thousands, 5 hundreds, 1 ten, and 5 ones

5,834

2 thousands, 3 hundreds, 2 tens, and 8 ones

7,146

7 thousands, 1 hundred, 4 tens, and 6 ones

3,515

3 thousands, 4 hundreds, 2 tens, and 4 ones

# Soil

Let's study the earth by learning about the part of it that we are most familiar with: the **soil**. Soil is found on the upper-most layer of the earth's crust.

## What is soil?

Soil is a mixture of four main ingredients: weathered rock, organic matter, air, and water. The weathered rock can be in the form of sand, silt, clay, pebbles, or larger rocks. Organic matter can be anything from old leaves, dead animals and plants, to microorganisms—tiny living things, like bacteria. The last two ingredients are air and water. Without air and water, the microorganisms found in soil cannot live, grow, or help dead matter to decay.

## Why is soil so important?

Soil is important because it provides a place where organisms and bacteria can live. Plants rely on soil for nutrients, water, and mineral salts. Plants, in turn, provide the oxygen we breathe, the food we eat, the clothes we wear, and the foundation and building materials we use to make our homes. We could not meet our basic needs without soil!

**Comprehension: What is the main idea of these two passages?**

---

---

---

# DAY 4

<b>Reading</b>	Compare and contrast two short stories.
<b>Writing</b>	Write about your favorite activity, and give details on the steps it takes to complete it.
<b>Grammar</b>	Make compound words and give their meanings.
<b>Math</b>	Practice adding three-digit numbers with regrouping. Practice subtracting three-digit numbers with regrouping.
<b>Social Studies</b>	Conduct a family interview about what life was like for parents and grandparents growing up.

# Compare and Contrast: Short Stories

Read the two stories and complete the chart.

## Story #1: Alisha's Kite

James and Alisha were running through the park with their kites flying behind them in the wind. The wind changed suddenly and Alisha's kite flew into the branches of a tree. No matter how hard Alisha pulled the kite string, it would not budge. "Give me a boost," Alisha said to James, and he held his hands for her to use as a step. With his help, she climbed up to the first branch and pulled the kite down!

## Story #2: Max Gets Lost

Kylie was at the park with her dog, Max. She threw a ball for him to fetch, when suddenly a rabbit ran by. Max chased after the rabbit, and when it ran into some bushes, Max followed. Kylie called after Max, but he didn't return. She looked through the bushes and couldn't see him or the rabbit anywhere! After looking all over, she heard laughter and shouting from a baseball field where she could see a large black dog chasing after a baseball in the middle of the game. It was Max!

# Compound Word: Match, Meaning, & Draw

A **compound word** is made up of two words that combine to make one new word.

Example: horse + back = horseback

**Directions:** Choose a word from Column 1 and Column 2 from the Word Bank to form a compound word. Then complete the chart. An example has been done for you.

Word Parts	Compound Word	Meaning	Illustration
Ex: weather + man	weatherman	A person who shares information about the weather on TV	
1.			
2.			
3.			
4.			
5.			

## Word Bank

Column 1	Column 2
rail	marker
skate	shore
air	man
watch	port
sea	board
weather	road

## Triple-Digit Addition

Complete the following  
addition problems.

$$\begin{array}{r} 453 \\ + 410 \\ \hline \end{array}$$

# DAY 5

<b>Reading</b>	Read a passage about starfish and label the text features.
<b>Writing</b>	Research an inventor of your choice!
<b>Grammar</b>	Use the calendar to answer questions, and write days and dates with correct capitalization and punctuation.
<b>Math</b>	Practice more three-digit addition and subtraction. Solve three-digit word problems all about soccer.
<b>Fun stuff</b>	Learn all about the solar system while making a fun placemat!

Name: \_\_\_\_\_

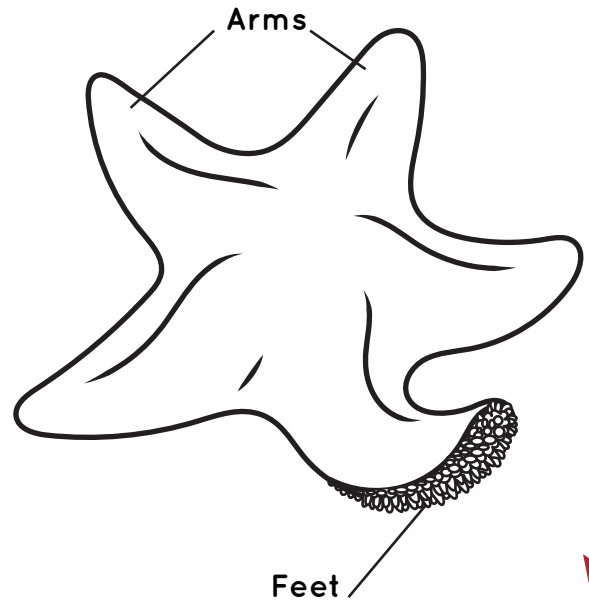

Date: \_\_\_\_\_

## Starfish Text Features

**Directions:** Use the word bank to label the text features below.  
One word will not be used.

### Starfish

Starfish are also called sea stars. Most have only five arms and are in the shape of a five-pointed star, but some species have more than five arms. If they lose an arm, they can regenerate, or regrow it. Starfish are radially symmetrical, meaning all their arms are the same size and shape. Starfish can be red, orange, blue, gray, or brown.

### How Starfish Move

Starfish move around very slowly on short, tube-like feet. They do this by a water vascular system, which pulls water into it to expand the starfish's "feet" so they can touch the surface.

In fact, the fastest starfish can only travel nine feet and two inches per minute.

*The starfish uses its short, tube-like feet to move slowly on the ocean floor.*

## Reading Calendar Days and Dates

# September 2020

TIP: After answering the questions, use the calendar to plan and remember events!

Answer the following questions using the calendar below.

1. How many Mondays are there in September?

---

2. What day is September 17?

---

3. The first Monday of September is Labor Day. Write the date.

---

4. Jane's first day of school is September 8. Write the day.

---

5. Write the second Thursday in September two ways.

---

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
		1	2	3	4	5
6	7	8	9	10	11	12
13	14	15	16	17	18	19
20	21	22	23	24	25	26
27	28	29	30			

# Three-Digit Addition and Subtraction

with Franco and Julia

You have gotten really good at addition and subtraction! Let's practice both three-digit addition and subtraction with regrouping.

Solve the problems below and write down your answers.

We know you can do it!

$$\begin{array}{r} 293 \\ +361 \\ \hline \end{array}$$

$$\begin{array}{r} 184 \\ +212 \\ \hline \end{array}$$

$$\begin{array}{r} 454 \\ +361 \\ \hline \end{array}$$

$$\begin{array}{r} 193 \\ +195 \\ \hline \end{array}$$

$$\begin{array}{r} 375 \\ +332 \\ \hline \end{array}$$

$$\begin{array}{r} 665 \\ +273 \\ \hline \end{array}$$

$$\begin{array}{r} 963 \\ -217 \\ \hline \end{array}$$

$$\begin{array}{r} 767 \\ +393 \\ \hline \end{array}$$

## Word Problems: Subtraction

Read the word problem. Write the correct equation.  
Show your work as you solve the equation.

**1.** There are 437 girls and 282 boys in the soccer league. How many more girls than boys are there in the league?

$$\begin{array}{r} 437 \\ -282 \\ \hline 155 \end{array}$$

\_\_\_\_\_

**2.** Coach Lion ordered 528 small jerseys and 191 large jerseys for the league. How many more players wear small jerseys than large ones?

\_\_\_\_\_

**3.** There are 671 people watching the soccer game. 482 of them are adults. How many kids are watching the soccer game?

\_\_\_\_\_

**4.** Tobi sold 253 bottles of water and 178 juice boxes. How many more bottles of water than juice boxes did Tobi sell?

\_\_\_\_\_

**5.** Coach Lion had 925 tickets to sell to the next game. If 349 people have bought tickets, how many does the coach have left?

\_\_\_\_\_

**6.** The league has given away 309 pennants. If 67 pennants were given to adults, how many pennants were given to kids?

\_\_\_\_\_

# ★ Let's Explore the Solar System!

Color this placemat and learn about our solar system!

Which is your favorite planet? ★

Mercury

Venus

Earth

Mars

Mars is called the "Red Planet" because of the rust colored dust that covers it.

70% of Earth's surface is covered with water.

Even though Mercury is closest to the sun, Venus is the hottest planet.

Cut along the dotted line, then line up with the second page and tape or glue them together to make your placemat!

Tape or glue first page here.

Pluto is now considered to be a dwarf planet.

Jupiter

Saturn

Uranus

Neptune

Pluto

Jupiter, Saturn, Uranus and Neptune are mostly made out of gas. They are often called "Gas Giants."

What other interesting facts can you learn about our enormous solar system?

# Reading a Timeline: Sojourner Truth

Read the timeline about Sojourner Truth.

## Questions

Answer the following questions using the timeline.

1. In what year did Sojourner Truth escape from slavery?  
She escaped in 1826.

2. What happened in 1850?  
Her biography, *The Narrative of Sojourner Truth: A Northern Slave*, was published.

3. Why do you think Sojourner Truth wanted rights for women as well as an end to slavery?  
POSSIBLE ANSWER:  
She wanted all people to be treated equally and to be free.

4. Why is Sojourner Truth an important historical figure? Name three reasons.  
Answers will vary.

# Life Cycle of a Frog

Cut out the pictures and paste them in the correct order on the life cycle chart.  
Then order the sentences on the page 2 by labeling them with the correct number.

## Answer Key

# Life Cycle of a Frog

Put the sentences in order by labeling them with the correct number according to a frog's life cycle.

## Answer Key

**1**

The cell inside the egg splits into two, then into four. This process continues until there are many cells in the egg. These cells develop into an embryo with living organs. After about 21 days the egg hatches.

**4**

The tadpole now looks more like a frog with a very long tail. It starts to eat insects. Over the next 12 weeks the tadpole's tail shortens and at the end it becomes an adult frog and leaves the water.

**3**

The tadpole gets stronger over the next 6-9 weeks. It grows arms and legs, and its body gets longer.

**5**

Now the frog is fully grown. Later, it will return to the water to lay eggs.

**2**

After the egg hatches, a baby frog, or tadpole, comes out. It has a long tail. It swims in the water and eats algae to build up strength.

# BE A DETECTIVE Answer Key

## Rocky Sings at Sunrise

This story is out of order and doesn't make sense!  
Number the parts of the story below to put them in the correct order.

**4** "I guess I don't sing as well as I thought," said Rocky to himself. The one camper who enjoyed Rocky's singing heard Rocky and said, "I love the way you sing, little bird. I'm sure the other campers do too, but you and the woodpecker are a little too loud."

**1** A sweet little bird named Rocky loved to sing loudly from his home in a Redwood tree. He woke up with the sunrise to sing along to the beat of woodpecker's pecking.

**3** One of the campers was awake and enjoying Rocky's singing, but the other campers were unhappy. "Why are those birds making so much noise?" groaned a grumpy camper.

**6** Rocky and the woodpecker made beautiful and soft music. The campers woke up one by one, and Rocky was excited to make them happy.

**2** One summer, some people came and camped under his tree. Rocky thought he would welcome them by singing for them early the next morning.

**5** The next morning, Rocky sang softly and the woodpecker pecked softly as well.

# Consonant Endings: **ed** and **ing**

For each list circle the correct **ed** and **ing** ending for the verb.

### Learning About Numbers

# Expanded Form

Write the number from each expanded form:

1.  $100 + 30 + 3 = \underline{133}$

7.  $300 + 60 + 8 = \underline{368}$

2.  $200 + 20 + 2 = \underline{222}$

8.  $500 + 80 + 1 = \underline{581}$

3.  $400 + 50 + 5 = \underline{455}$

9.  $300 + 10 + 9 = \underline{319}$

4.  $700 + 40 + 6 = \underline{746}$

10.  $200 + 70 + 4 = \underline{274}$

5.  $600 + 20 + 5 = \underline{625}$

11.  $400 + 60 + 2 = \underline{462}$

6.  $800 + 30 + 1 = \underline{831}$

12.  $900 + 80 + 7 = \underline{987}$

Write the expanded form of each number:

1.  $156 = \underline{100} + \underline{50} + \underline{6}$

7.  $583 = \underline{500} + \underline{80} + \underline{3}$

2.  $481 = \underline{400} + \underline{80} + \underline{1}$

8.  $342 = \underline{300} + \underline{40} + \underline{2}$

3.  $286 = \underline{200} + \underline{80} + \underline{6}$

9.  $712 = \underline{700} + \underline{10} + \underline{2}$

4.  $622 = \underline{600} + \underline{20} + \underline{2}$

10.  $943 = \underline{900} + \underline{40} + \underline{3}$

5.  $568 = \underline{500} + \underline{60} + \underline{8}$

11.  $866 = \underline{800} + \underline{60} + \underline{6}$

6.  $452 = \underline{400} + \underline{50} + \underline{2}$

12.  $694 = \underline{600} + \underline{90} + \underline{4}$

Name \_\_\_\_\_ Date \_\_\_\_\_

## Local Government

# Mayor and Town Hall

**Where is your city or town hall located? Who is your mayor?**

Visit your local city or town hall (or look them up online!) to find out, then complete the form below.

Mayor's name: <u>Student answers will vary.</u>
Mayor's address: _____
_____
Mayor's phone number: _____

**Underline the facts of what a mayor does.**

runs the city/town

runs the police department

picks up litter

appoints others to city/town positions

delivers mail

promotes tourism

serves coffee

walks your dog

creates city/town taxes

meets the people

**What other actions do you think a mayor should perform?**

Student answers will vary.

-----

-----

-----

•• Use the back of the worksheet if you need more space to write.

**Circle the facts about city or town hall.**

government offices are located here

official documents are housed here

bands play here

the mayor has meetings here

you can go shopping here

strikes can happen here

jury duty is served here

the President lives here

## A Chicken's Life Cycle

### Part 1:

Read the informational text about chickens. Next, use a dictionary to figure out the meaning of the underlined words. Record the meaning of the words below!

Chickens experience change throughout their life. This is called a life cycle. Chickens are **oviparous** animals. Oviparous animals hatch from an egg. Let's learn more about a chicken's life cycle!

To create an egg, a cell from a female hen and a cell from a male rooster join. Together, these cells create an **embryo**. The egg starts as a yolk. Next, the hen's body makes the egg white, also called **albumen**, and it forms around the egg.

Before the hen lays the egg, the egg is covered in a calcium-rich shell. The shell protects the embryo inside the egg. The albumen acts like a soft cushion and keeps the embryo safe.

The hen needs an entire day to create the egg. Inside the egg, there is enough food to help the embryo grow. Hens make sure their eggs are safe and don't get too cold.

1. Oviparous means animals that hatch from an egg.
2. Embryo means an unborn offspring.
3. Albumen means the egg white, or the gooey clear part of an egg.

Name: **Answer Key** \_\_\_\_\_

Date: \_\_\_\_\_

## **Part 2:**

Finish reading about a chicken's life cycle. Use a dictionary to figure out the underlined words. Record the meaning of the words below!

Next, hens sit on their eggs to keep them warm. This is called **incubation**. Once the mother hen starts incubating the egg, the embryo starts changing into a baby chick. The brain, eyes, and heart begin to form!

After two weeks of incubation, the embryo forms a small, hard bump on the end of its beak. The hard bump is called an **egg tooth**. The egg tooth helps the baby chick break open its shell when it's ready to hatch!

Once the newborn chick is out of its shell, the mother hen makes sure it stays safe. The mother hen keeps the chick warm and teaches it how to find food and drink water.

Chickens are interesting birds! Chickens live in the wild and are raised by people. All living things go through a life cycle, and a chicken's life cycle starts with an egg!

4. **Incubation** means **to sit on eggs so they can hatch**.

5. **Egg tooth** means **the small, hard bump on the beak or jaw of a bird or reptile, used for breaking out of a shell**.

# Adding Transition Words

Directions: Read the story and answer the questions below.

## Steps to Make Spaghetti

\_\_\_\_\_ **1** \_\_\_\_\_ collect the ingredients. \_\_\_\_\_ **2** \_\_\_\_\_ put water into the pot and turn on the stove. \_\_\_\_\_ **3** \_\_\_\_\_ you wait, start cooking the sauce. When the water is boiling, put the noodles into the pot. \_\_\_\_\_ **4** \_\_\_\_\_ ten minutes, drain the noodles with a colander. \_\_\_\_\_ **5** \_\_\_\_\_, add the sauce and cheese.

1) Which word fits best at #1?

- A) Next
- B) Finally
- C) **First**

3,105	3	1	0	5
6,982	6	9	8	2
9,012	9	0	1	2

Draw a line to match the number to the words.

2,328	5 thousands, 8 hundreds, 3 tens, and 4 ones
3,424	3 thousands, 5 hundreds, 1 ten, and 5 ones
5,834	2 thousands, 3 hundreds, 2 tens, and 8 ones
7,146	7 thousands, 1 hundred, 4 tens, and 6 ones
3,515	3 thousands, 4 hundreds, 2 tens, and 4 ones

## Answer Key

# Soil

Let's study the earth by learning about the part of it that we are most familiar with: the **soil**. Soil is found on the upper-most layer of the earth's crust.

## What is soil?

Soil is a mixture of four main ingredients: weathered rock, organic matter, air, and water. The weathered rock can be in the form of sand, silt, clay, pebbles, or larger rocks. Organic matter can be anything from old leaves, dead animals and plants, to microorganisms—tiny living things, like bacteria. The last two ingredients are air and water. Without air and water, the microorganisms found in soil cannot live, grow, or help dead matter to decay.

## Why is soil so important?

Soil is important because it provides a place where organisms and bacteria can live. Plants rely on soil for nutrients, water, and mineral salts. Plants, in turn, provide the oxygen we breathe, the food we eat, the clothes we wear, and the foundation and building materials we use to make our homes. We could not meet our basic needs without soil!

## Sample Answers

**Comprehension: What is the main idea of these two passages?**

The main idea of the first passage is that soil is made up of many different ingredients. The main idea of the second passage is that soil is important for many things.

Answer Key

# Compound Word: Match, Meaning, & Draw

A **compound word** is made up of two words that combine to make one new word.

Example: horse + back = horseback

**Directions:** Choose a word from Column 1 and Column 2 from the Word Bank to form a compound word. Then complete the chart. An example has been done for you.

Word Parts	Compound Word	Meaning	Illustration
Ex: weather + man	weatherman	A person who shares information about the weather on TV	
1. rail + road	railroad	The tracks on which trains travel	Answers will vary
2. skate + board	skateboard	A board with wheels that people use to ride and do tricks	Answers will vary
3. air + port	airport	The place where planes pick up and drop off those who travel	Answers will vary
4. watch + maker	watchmaker	A person who makes watches	Answers will vary
5. sea + shore	seashore	The place where the sea meets the land	Answers will vary

## Word Bank

Column 1	Column 2
rail	maker
skate	shore
air	man
watch	port
sea	board
weather	road

## Triple-Digit Addition

Complete the following  
addition problems.

$\begin{array}{r} 453 \\ + 410 \\ \hline 863 \end{array}$	$\begin{array}{r} 586 \\ + 103 \\ \hline 689 \end{array}$	$\begin{array}{r} 285 \\ + 514 \\ \hline 799 \end{array}$	$\begin{array}{r} 592 \\ + 307 \\ \hline 899 \end{array}$	$\begin{array}{r} 298 \\ + 601 \\ \hline 899 \end{array}$
---	---	---	---	---

$\begin{array}{r} 365 \\ + 234 \\ \hline 599 \end{array}$	$\begin{array}{r} 472 \\ + 527 \\ \hline 999 \end{array}$	$\begin{array}{r} 355 \\ + 644 \\ \hline 999 \end{array}$	$\begin{array}{r} 224 \\ + 753 \\ \hline 977 \end{array}$	$\begin{array}{r} 154 \\ + 535 \\ \hline 689 \end{array}$

7.

$$\begin{array}{r} 977 \\ -321 \\ \hline 656 \end{array}$$

8.

$$\begin{array}{r} 659 \\ -265 \\ \hline 394 \end{array}$$

9.

$$\begin{array}{r} 911 \\ -155 \\ \hline 756 \end{array}$$

10.

$$\begin{array}{r} 497 \\ -120 \\ \hline 377 \end{array}$$

11.

$$\begin{array}{r} 671 \\ -261 \\ \hline 410 \end{array}$$

12.

$$\begin{array}{r} 788 \\ -749 \\ \hline 39 \end{array}$$

13. If a red monster captured 300 green monsters and ate 100 for breakfast, 50 for lunch, and 25 for dinner, how many green monsters would be left?

Show your work here:

$$\begin{aligned} & 300 - (100 + 50 + 25) \\ & = 300 - 175 = 125 \end{aligned}$$

## Starfish Text Features

**Directions:** Use the word bank to label the text features below.  
One word will not be used.

### Starfish

Starfish are also called sea stars. Most have only five arms and are in the shape of a five-pointed star, but some species have more than five arms. If they lose an arm, they can regenerate, or regrow it. Starfish are radially symmetrical, meaning all their arms are the same size and shape. Starfish can be red, orange, blue, gray, or brown.

### How Starfish Move

Starfish move around very slowly on short, tube-like feet. They do this by a water vascular system, which pulls water into it to expand the starfish's "feet" so they can touch the surface.

In fact, the fastest starfish can only travel nine feet and two inches per minute.

*The starfish uses its short, tube-like feet to move slowly on the ocean floor.*

**Answers**

**Reading Calendar Days and Dates**

# September 2020

TIP: After answering the questions, use the calendar to plan and remember events!

Answer the following questions using the calendar below.

1. How many Mondays are there in September?

**Four**

2. What day is September 17?

**Thursday**

3. The first Monday of September is Labor Day. Write the date.

**September 7, 2020**

4. Jane's first day of school is September 8. Write the day.

**Tuesday**

5. Write the second Thursday in September two ways.

**September 10, 2020 and 09/10/20**

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
		1	2	3	4	5
6	7	8	9	10	11	12
13	14	15	16	17	18	19
20	21	22	23	24	25	26
27	28	29	30			

# Three-Digit Addition and Subtraction

**Answer Key**  
with Franco and Julia

You have gotten really good at addition and subtraction! Let's practice both three-digit addition and subtraction with regrouping.

Solve the problems below and write down your answers.

We know you can do it!

$\begin{array}{r} 293 \\ +361 \\ \hline 654 \end{array}$	$\begin{array}{r} 184 \\ +212 \\ \hline 396 \end{array}$	$\begin{array}{r} 454 \\ +361 \\ \hline 815 \end{array}$	$\begin{array}{r} 193 \\ +195 \\ \hline 388 \end{array}$	$\begin{array}{r} 375 \\ +332 \\ \hline 707 \end{array}$	$\begin{array}{r} 665 \\ +273 \\ \hline 938 \end{array}$
$\begin{array}{r} 963 \\ -217 \\ \hline 746 \end{array}$	$\begin{array}{r} 798 \\ -345 \\ \hline 453 \end{array}$	$\begin{array}{r} 645 \\ -218 \\ \hline 427 \end{array}$	$\begin{array}{r} 721 \\ -414 \\ \hline 307 \end{array}$	$\begin{array}{r} 647 \\ -373 \\ \hline 274 \end{array}$	$\begin{array}{r} 781 \\ -669 \\ \hline 112 \end{array}$
$\begin{array}{r} 489 \\ +340 \\ \hline 829 \end{array}$	$\begin{array}{r} 242 \\ +281 \\ \hline 523 \end{array}$	$\begin{array}{r} 688 \\ +150 \\ \hline 838 \end{array}$	$\begin{array}{r} 421 \\ +333 \\ \hline 754 \end{array}$	$\begin{array}{r} 553 \\ +396 \\ \hline 949 \end{array}$	$\begin{array}{r} 150 \\ +438 \\ \hline 588 \end{array}$
$\begin{array}{r} 804 \\ -113 \\ \hline 691 \end{array}$	$\begin{array}{r} 590 \\ -360 \\ \hline 230 \end{array}$	$\begin{array}{r} 476 \\ -263 \\ \hline 213 \end{array}$	$\begin{array}{r} 421 \\ -111 \\ \hline 310 \end{array}$	$\begin{array}{r} 384 \\ -170 \\ \hline 214 \end{array}$	$\begin{array}{r} 926 \\ -717 \\ \hline 209 \end{array}$
$\begin{array}{r} 183 \\ +854 \\ \hline 1,037 \end{array}$	$\begin{array}{r} 277 \\ +216 \\ \hline 493 \end{array}$	$\begin{array}{r} 687 \\ +159 \\ \hline 846 \end{array}$	$\begin{array}{r} 953 \\ +174 \\ \hline 1,127 \end{array}$	$\begin{array}{r} 316 \\ +805 \\ \hline 1,121 \end{array}$	$\begin{array}{r} 767 \\ +393 \\ \hline 1,160 \end{array}$

## Word Problems: Subtraction

Read the word problem. Write the correct equation.  
Show your work as you solve the equation.

1. There are 437 girls and 282 boys in the soccer league. How many more girls than boys are there in the league?

$$\begin{array}{r} 437 \\ -282 \\ \hline 155 \end{array}$$

2. Coach Lion ordered 528 small jerseys and 191 large jerseys for the league. How many more players wear small jerseys than large ones?

$$\begin{array}{r} 528 \\ -191 \\ \hline 337 \end{array}$$

3. There are 671 people watching the soccer game. 482 of them are adults. How many kids are watching the soccer game?

$$\begin{array}{r} 671 \\ -482 \\ \hline 189 \end{array}$$

4. Tobi sold 253 bottles of water and 178 juice boxes. How many more bottles of water than juice boxes did Tobi sell?

$$\begin{array}{r} 253 \\ -178 \\ \hline 75 \end{array}$$

5. Coach Lion had 925 tickets to sell to the next game. If 349 people have bought tickets, how many does the coach have left?

$$\begin{array}{r} 925 \\ -349 \\ \hline 576 \end{array}$$

6. The league has given away 309 pennants. If 67 pennants were given to adults, how many pennants were given to kids?

$$\begin{array}{r} 309 \\ -67 \\ \hline 242 \end{array}$$
