Fast Ten! 10 10 10

Add these numbers together. First, find the numbers that make ten, then add the rest. See the example below.

$8 + 4 + 6$ = $8 + \underbrace{4 + 6}_{10}$ = $8 + 10$ = 18

$7 + 4 + 3$ = 14

$5 + 9 + 5$ = 19

$3 + 8 + 2$ = 13

$9 + 9 + 1$ = 19

$5 + 9 + 2 + 5$ = 21

$6 + 8 + 1 + 4$ = 19

$4 + 8 + 6 + 2$ = 20

$7 + 1 + 3 + 9$ = 20

$8 + 9 + 2 + 1 + 5$ = 25

$6 + 5 + 7 + 4 + 3$ = 25
