

Learning Shapes: Squares

Help the cement mixer find its way to the gravel pile by coloring in the squares.

start

A maze puzzle where the goal is to help a cement mixer truck reach a gravel pile. The path is indicated by a series of red squares. The maze contains various geometric shapes: triangles, circles, squares, and rectangles. There are also several construction-related illustrations: a crane, a forklift, a cement mixer truck, a bulldozer, a tree, and a pile of gravel.
