Comparing and Contrasting

with Sentence Frames

ANSWERS

Good readers **compare** and **contrast** key points and details between two texts. They look for ways things are *alike* and *different*.

- **Compare** is to determine how one thing is *like* another thing.
 - Key Words: like, alike, both, similar
- **Contrast** is to determine how one thing is *different* from another thing.
 - Key Words: different, however, differences, but

Directions: Look at the two images and determine how they are similar and different. Then complete the sentence frames.

The City
