## Complete the Equation

Directions: Use the numbers 1 through 10 to complete each equation by filling in the missing number that makes the equation correct.

1. 0 x 3 = 0

2. 10 x 1 = 10

3. 0 x 1 = 0

Any number  
between 1 and 10  
would work.

4. 7 x 1 = 7

5. 9 x 1 = 9

6. What equation does this array represent?

1 x 5 = 5

7. What equation does this array represent?

6 x 1 = 6
