Conjunctions #2

A **conjunction** is a word that joins together words, phrases, or parts of sentences. Some common conjunctions include: **and, or, but, for, nor, yet, so.**

EXAMPLE: I like to play baseball, but I also like swimming.

Part 1: Underline the conjunctions in each sentence below, and add the comma in the correct place.

1. Donald has always loved to cook, so he'd be a great chef.
2. Kyla brought her lunch to school, and she shared it with her friend.
3. Juan started the race in first place, but he finished last.
4. The Hendersons will go on their trip tonight, or they will choose to stay home instead.
5. Stephanie doesn't want to go to the party, nor does she want to stay home.

Part 2: Now write your own sentence and circle all the conjunctions. Then draw a picture based upon your sentence.

Answers will vary, but should include at least one conjunction and correctly placed comma.
