

Name _____

Date _____

Answer Key**Digraphs: Wh, Sh, Ch, and Th**

Digraphs are two letters that make one sound when joined together. Some examples are wh, sh, ch, and th.

Directions: Say the word in the left box. Use the picture to help you. Then, read the words in the right box. Cross out the words that don't have the same digraph sound as the word on the left.
