

How Does Your Garden GROW?

How many red flowers are there? 7

How many blue flowers are there? 5

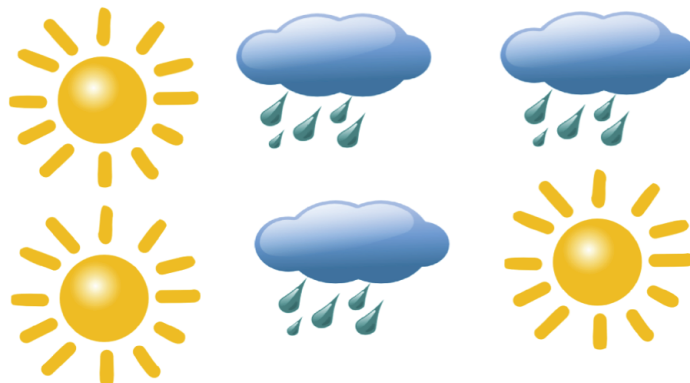

How many flowers with five petals are there? 4

How many flowers with six petals are there? 2

How many garden tools are there? 3

How many suns are there? 3

How many rain clouds are there? 3

Describe your garden. Circle the correct choices based on your answers above.

My garden has mostly (blue , **red**) flowers. It has purple and yellow flowers, too. Two of the purple flowers have (five , **six**) petals. I use (**tools** , clothes) to take care of my garden. My garden needs (**an equal** , a different) amount of sun and water to grow.
