

Name: _____

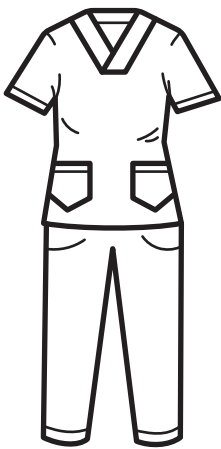

Date: _____

ANSWERS

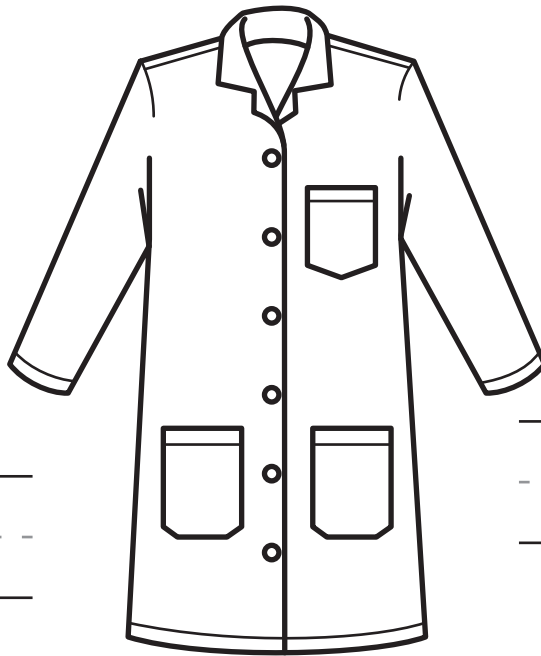

D is for Doctor

Doctors have a very important job! They take care of us when we are sick and help to make us healthy by giving us medicine, taking our temperatures, and bandaging our wounds. You can visit a doctor in an office or in the hospital.

Directions: Color in all of the objects that a doctor uses to help keep us healthy. Then label each one with the correct name using the word bank at the bottom of the page.

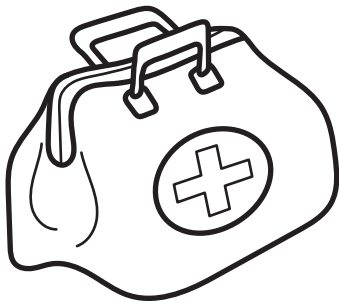

scrubs

lab coat

stethoscope

medical bag
