

fawn

# Vowel Diphthongs: Aw

A **diphthong** is a combination of two letters that produces a complex vowel sound.

**Example: AW** makes the sound in **saw**.

## Part 1. Finish the sentences with one of the words below.

yawn	lawn	hawk	crawl	paw	awful	saw	draw
------	------	------	-------	-----	-------	-----	------

- The baby just learned to crawl.
- We watched a hawk circle in the sky.
- To get an allowance I have to mow the lawn.
- When I don't get enough sleep I try not to yawn.
- My pupper put her paw in my hand.
- I saw the play at the theater.
- I watched the artist draw a portrait of my friend.
- There was an awful storm last night and the tree fell.

## Part 2. Find and circle the words with the AW sound.

*The words could be horizontal or vertical.*

- draw
- straw
- dawn
- slaw
- pawn
- law
- claw
- fawn
