Dina's Diner

Rating: ★★★

When I sat down to the meal, I was **ravenous** because I hadn't eaten all day. I decided to have the Caesar salad followed by the shrimp scampi. I did everything I could not to **devour** the salad. It was so delicious that I tried to **nibble** it bit by bit to make it last. Next came the main course. Each tiny **morsel** was packed with flavor. I ate it slowly so that I could **relish** each bite and enjoy the taste sensation. After dinner, I had a traditional sundae. It was the "cherry" on top of a four-star meal!
