FACT FAMILY HOUSES

Each triangle contains the numbers in a *fact family*. Add or subtract using the three numbers.

10 2 8

$$\frac{2}{8} + \frac{8}{2} = \frac{10}{10}$$

$$6 + 8 = 14$$

$$9 + 4 = 13$$

$$4 + 9 = 13$$

$$13 - 9 = 4$$

17 11 6

$$6 + 11 = 17$$

$$7 + 9 = 16$$

$$9 + 7 = 16$$

5 9

$$5 + 9 = 14$$

$$14 - 9 = 5$$

$$14 - 5 = 9$$

5 15

$$8 + 4 = 12$$
