Family Reunion
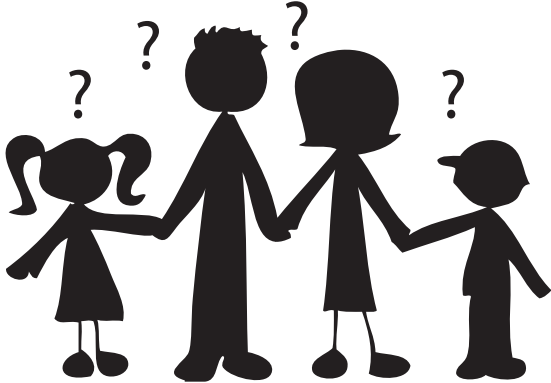

Name: _____

At a family reunion were the following people:

- one grandfather
- one grandmother
- two fathers
- two mothers
- four children
- three grandchildren
- one brother
- two sisters
- two sons
- two daughters
- one father-in-law
- one mother-in-law
- one daughter-in-law

However, not as many people attended as it sounds. How many were there, and who were they? (Work out the problem in the space below.)

Answer: _There were 7 people total – a husband, his wife, their 3 kids and the husband's parents._
