

Name: _____

Date: _____

Get to the Jack-o'-Lantern!

Answer Key

In the Halloween Hundreds Chart Game, players try to get to 100, or the jack-o'-lantern, faster than their opponent. Players roll two dice, add up the numbers, and move that number of spaces on the hundreds chart.

Max and Samantha played the Halloween Hundreds Chart game yesterday. This is what their game board looks like so far:

Max

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

Samantha

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

1. Circle who is closer to 100: Max **Samantha**

2. Max wins in 4 rolls. What are his rolls? Fill in the chart. **Student answers will vary.**

Rolls	Number sentence	Number Max landed on in the hundreds chart
1	$5 + 2$	77
2	$4 + 4$	85
3	$3 + 6$	94
4	$1 + 5$	100
