

Identify The Coins

Can you tell the difference between a quarter and a nickel? What is different about a penny and a dime? Look at the coins shown below.

Underline all the quarters. Circle all the dimes. Place an **X** on all the nickels. Put a square around all the pennies.

How many quarters did you find? 7 How many nickels did you find? 13
 How many dimes did you find? 7 How many pennies did you find? 9
