

Identify Time Order Words

Time order words can help show *when* things happen.

Some time order words tell you that a sentence is about the past, present, or future. Time order words can also put events in order.

We should go to the grocery store **today**.

Then, we can pack the car for our mountain trip.

Directions

Read each sentence below. Circle the time order word in each sentence.

1. **After** school, I will take a long nap on the couch.
