Jennifer has four teachers: Ms. Casey, Mr. Mosca, Mrs. Harlow and Mr. Smith. They each teach a different subject: math, history, science and English. Each class is at a different time: 9:00 a.m., 10:00 a.m., 11:00 a.m. and 12:00 p.m. Use the clues to find out which teacher teaches which subject and at what time.

1. Mr. Mosca teaches science. Jennifer has this class after math but before history.
2. Jennifer has Mrs. Harlow's class at 11:00 a.m. and it is not her math class.
3. Mr. Smith does not teach math.
4. Jennifer has English class after history.
