

# Magic Squares

## ANSWERS

**Directions:** Complete the magic squares. The sum across each row and down each column must be the same as the sum along each diagonal.

1. Use the number 2-10 only once to complete this square

5	4	9
10	6	2
3	8	7

2. Use the number 1-9 only once to complete this square.

6	1	8
7	5	3
2	9	4

3. Use the number 1-9 only once to complete this square.

8	3	4
1	5	9
6	7	2
