

Math Lab: Addition #2

ANSWER KEY

Add the numbers on each formula.

Fill in the + and = symbols, then write the sum.

$$8 + 8 = 16$$

$$12 + 5 = 17$$

$$10 + 9 = 19$$

$$14 + 8 = 22$$

Write the missing number to equal the sum on each scanner.

$$11 + 9 = 20$$

$$13 + 14 = 27$$

$$4 + 14 = 18$$

$$15 + 10 = 25$$

Color the two formulas that when added will equal the sum of 23.
