

Math Lab: Addition #5

ANSWER KEY

Add the numbers on each formula.

Fill in the + and = symbols, then write the sum.

$$\begin{array}{ccc} \text{26} & + & \text{14} \\ \hline & = & \end{array} \quad \boxed{40}$$

$$\begin{array}{ccc} \text{33} & + & \text{15} \\ \hline & = & \end{array} \quad \boxed{48}$$

$$\begin{array}{ccc} \text{28} & + & \text{22} \\ \hline & = & \end{array} \quad \boxed{50}$$

$$\begin{array}{ccc} \text{30} & + & \text{21} \\ \hline & = & \end{array} \quad \boxed{51}$$

Write the missing number to equal the sum on each scanner.

$$\begin{array}{ccc} \text{27} & + & \text{23} \\ \hline & = & \end{array} \quad \boxed{50}$$

$$\begin{array}{ccc} \text{35} & + & \text{28} \\ \hline & = & \end{array} \quad \boxed{63}$$

$$\begin{array}{ccc} \text{25} & + & \text{19} \\ \hline & = & \end{array} \quad \boxed{44}$$

$$\begin{array}{ccc} \text{49} & + & \text{17} \\ \hline & = & \end{array} \quad \boxed{66}$$

Circle the two formulas that when added will equal the sum of 55.
