ANSWERS

1. Placekicker Phil Dawson of the 49ers has scored 92 total points so far this season. If 72 of those points have come from field goal kicks, how many extra points has he kicked?

**Answer:  $92-72=20$**

2. The NFL play clock is 40 seconds. If a team takes 26 seconds to argue about what play to run, how many seconds do they have left to set up and snap the ball?

**Answer:  $40-26=14$**

3. There are 53 players on an NFL team. Skill players are not linemen. If there are 18 offensive and defensive linemen on a team, how many skill players are there?

**Answer:  $53-18=35$**

4. The NFL's two conferences are made up of 32 football teams. If there are 16 teams in the National Football Conference, how many are in the American Football Conference?

**Answer:  $32-16=16$**
