

# Add-Round-Add

Add the numbers. Round each sum to the nearest 100.  
Then add the two rounded numbers together.

Rounding to the nearest 100

If the number in the tens place is 5 or greater, round **up** to the nearest hundred.  $350 \rightarrow 400$

If the number in the tens place ends in 4 or less, round **down** to the nearest hundred.  $648 \rightarrow 600$

$$\begin{array}{r} 88 \\ + 26 \\ \hline \end{array} \quad \begin{array}{r} 97 \\ + 54 \\ \hline \end{array}$$

$$114 \quad 151$$

$$100 + 200 = 300$$

$$\begin{array}{r} 68 \\ + 91 \\ \hline \end{array} \quad \begin{array}{r} 50 \\ + 35 \\ \hline \end{array}$$

$$159 \quad 85$$

$$200 + 100 = 300$$

$$\begin{array}{r} 99 \\ + 97 \\ \hline \end{array} \quad \begin{array}{r} 83 \\ + 88 \\ \hline \end{array}$$

$$196 \quad 171$$

$$200 + 200 = 400$$

$$\begin{array}{r} 13 \\ + 64 \\ \hline \end{array} \quad \begin{array}{r} 43 \\ + 80 \\ \hline \end{array}$$

$$77 \quad 123$$

$$100 + 100 = 200$$

$$\begin{array}{r} 33 \\ + 74 \\ \hline \end{array} \quad \begin{array}{r} 29 \\ + 96 \\ \hline \end{array}$$

$$107 \quad 125$$

$$100 + 100 = 200$$
