

# Measuring Light Fixtures

Use a ruler to measure how tall and wide each light fixture is. Answer in inches and centimeters and then round your answer.

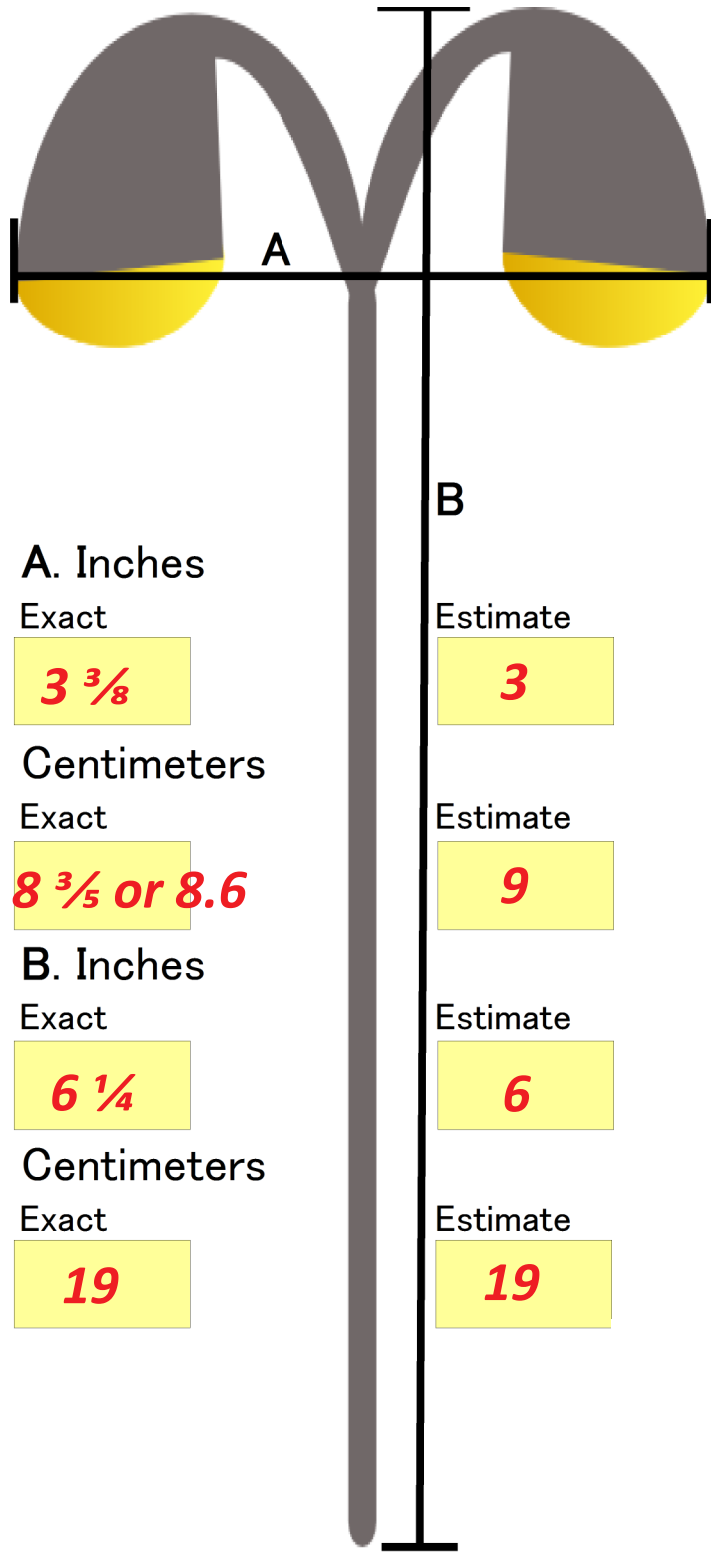

**A. Inches**  
 Exact      Estimate  
**2**      **2**

**Centimeters**  
 Exact      Estimate  
**5<sup>1</sup>/<sub>10</sub> or 5.1**      **5**

**B. Inches**  
 Exact      Estimate  
**6<sup>3</sup>/<sub>4</sub>**      **7**

**Centimeters**  
 Exact      Estimate  
**17<sup>1</sup>/<sub>5</sub> or 17.2**      **17**

**A. Inches**  
 Exact      Estimate  
**3<sup>3</sup>/<sub>8</sub>**      **3**

**Centimeters**  
 Exact      Estimate  
**8<sup>3</sup>/<sub>5</sub> or 8.6**      **9**

**B. Inches**  
 Exact      Estimate  
**6<sup>1</sup>/<sub>4</sub>**      **6**

**Centimeters**  
 Exact      Estimate  
**19**      **19**
