# Evidence, Schema, and Inference

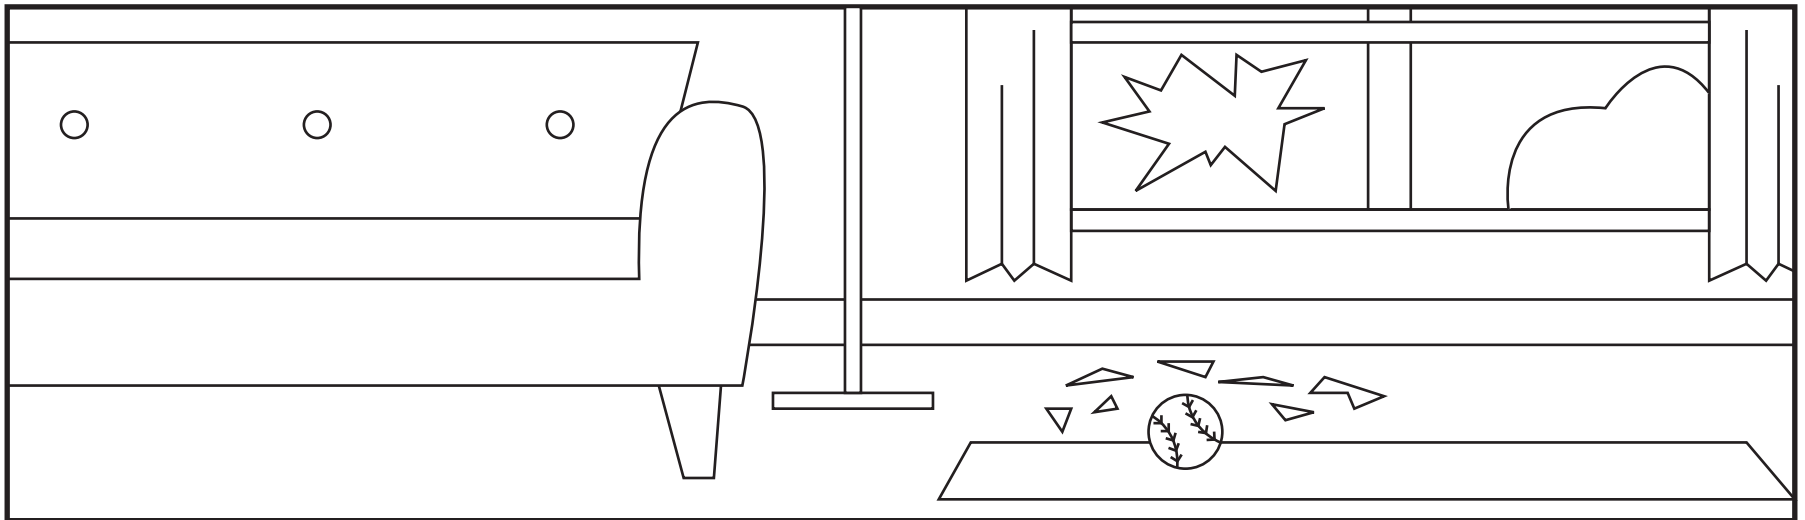

Use **evidence** and your **schema** to make an **inference** about this illustration.

**evidence:** something that shows that something else exists or is true

**schema:** the things you already know

**inference:** a guess that is formed using known facts

Answers may vary

The illustration shows a hole I already know baseballs I can infer someone  
in a window and a can break glass accidentally broke the  
baseball window playing baseball
