

Multiplying by Multiples of 10: Practice

Solve the problems and then match the letter of the problem to the correct number at the bottom of the page to learn the punchline.

What is the strongest creature in the sea?

U: $5 \times 30 = \underline{150}$

E: $90 \times 2 = \underline{180}$

A: $4 \times 70 = \underline{280}$

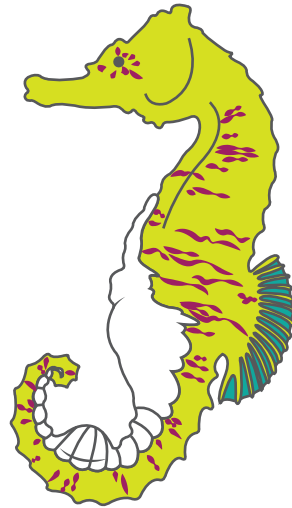

L: $20 \times 8 = \underline{160}$

S: $6 \times 50 = \underline{300}$

M: $40 \times 3 = \underline{120}$

S: $60 \times 5 = \underline{300}$

F: $20 \times 5 = \underline{100}$

The Answer is:

 A M U S S E L
280 120 150 300 300 180 160
