

Name: _____ Date: _____

Here are a few syllabication rules for words with two consonants together:

- When two (or more) consonants are next to each other, divide between the first and second consonants. [Berry → ber-ry]
- Do not split 2 consonants that make a blend or digraph [th, ch, ph, ck]

Part 1: Silly Syllabication

Use the rules above to break these words apart into two syllables.
