Mathematical Mindbenders!

Sock Sort-Out

Name: _____

Your sock drawer has:
- 10 pairs of white socks
- 10 pairs of black socks

WHAT IF YOU...

- Take 1 sock out at a time
- _Without_ seeing what color they are

How many socks will you have to take out before you definitely have a pair that matches?

Work out the equation in the space below!

Answer: __ 3 socks __
