-  
**3**

## Subtraction Fact Families

Subtract the first problem.  
Then add to check your answer.

**1**

$$12 - 10 = \underline{\underline{2}} \quad \checkmark \quad \underline{\underline{2}} + 10 = 12$$

**2**

$$18 - 8 = \underline{\underline{10}} \quad \checkmark \quad \underline{\underline{10}} + 8 = 18$$

**3**

$$17 - 5 = \underline{\underline{12}} \quad \checkmark \quad \underline{\underline{12}} + 5 = 17$$

**4**

$$19 - 3 = \underline{\underline{16}} \quad \checkmark \quad \underline{\underline{16}} + 3 = 19$$

**5**

$$11 - 9 = \underline{\underline{2}} \quad \checkmark \quad \underline{\underline{2}} + 9 = 11$$

**6**

$$15 - 6 = \underline{\underline{9}} \quad \checkmark \quad \underline{\underline{9}} + 6 = 15$$
