Fun Subtraction: Pizza! ANSWER KEY

To **subtract**, you take away. In a subtraction problem we use two signs.

- - (minus sign)
- = (equal sign)

Example: 4   -   3   =   1

We subtracted **3 cookies** from **4 cookies**. We have **1 cookie left**.

Directions: Count the slices in each pizza. Then, count the number of slices taken away. How much is left? Write it in the empty box.
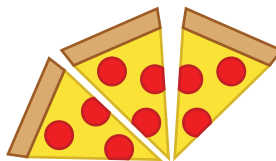

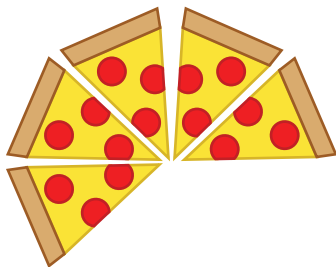

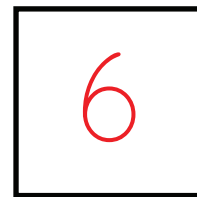

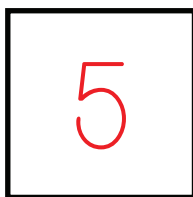

1.   8   -   2   =   6

2.   5   -   3   =   2
