

answers *Thanksgiving* Simple Addition

Add the pictures and write the answer. Then color the pictures.

A visual addition problem. On the left, there are five turkey legs arranged in two rows: two in the top row and three in the bottom row. To the right of these is a plus sign. To the right of the plus sign is one turkey leg. To the right of that is an equals sign. To the right of the equals sign is the number 6, which is placed on a set of three horizontal lines (top, middle-dashed, bottom) for writing practice.

A visual addition problem. On the left, there are nine wine glasses arranged in three rows of three. To the right of these is a plus sign. To the right of the plus sign are three wine glasses arranged in a vertical column. To the right of that is an equals sign. To the right of the equals sign is the number 12, which is placed on a set of three horizontal lines (top, middle-dashed, bottom) for writing practice.

A visual addition problem. On the left, there are five gravy boats arranged in three rows: two in the top row, one in the middle row, and two in the bottom row. To the right of these is a plus sign. To the right of the plus sign is one gravy boat. To the right of that is an equals sign. To the right of the equals sign is the number 6, which is placed on a set of three horizontal lines (top, middle-dashed, bottom) for writing practice.
