

Name: _____

Date: _____

ANSWERS Trapezoids and Quadrilaterals

Color the trapezoids **blue**. Color the other quadrilaterals **orange**. Then count the number of trapezoids and the number of other quadrilaterals.

$$\begin{array}{r} \underline{16} \\ \text{trapezoids} \end{array} + \begin{array}{r} \underline{10} \\ \text{other quadrilaterals} \end{array} = \begin{array}{r} \underline{26} \\ \text{total quadrilaterals} \end{array}$$
