

# Using Addition to Subtract #3

Find each difference using a related addition fact. Fill in the blanks.

**1** Find  $4 - 2$ .  
Think  $2 + \underline{2} = 4$ .  
So,  $4 - 2 = \underline{2}$ .

**2** Find  $8 - 3$ .  
Think  $3 + \underline{5} = 8$ .  
So,  $8 - 3 = \underline{5}$ .

**3** Find  $7 - 1$ .  
Think  $1 + \underline{6} = 7$ .  
So,  $7 - 1 = \underline{6}$ .

**4** Find  $9 - 0$ .  
Think  $0 + \underline{9} = 9$ .  
So,  $9 - 0 = \underline{9}$ .

**5** Find  $14 - 10$ .  
Think  $10 + \underline{4} = 14$ .  
So,  $14 - 10 = \underline{4}$ .

**6** Find  $11 - 6$ .  
Think  $6 + \underline{5} = 11$ .  
So,  $11 - 6 = \underline{5}$ .

**7** Find  $20 - 5$ .  
Think  $5 + \underline{15} = 20$ .  
So,  $20 - 5 = \underline{15}$ .

**8** Find  $18 - 15$ .  
Think  $15 + \underline{3} = 18$ .  
So,  $18 - 15 = \underline{3}$ .
