Volume Cubed # 3
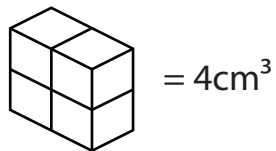

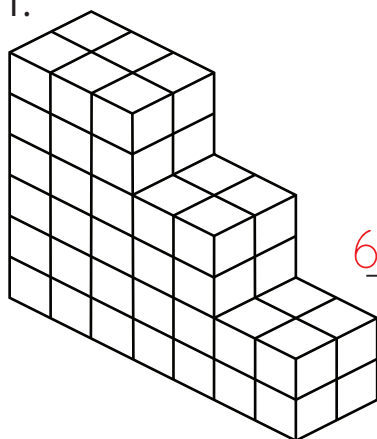

Volume is the measure of space inside of a solid object.
Volume is measured in **cubic units (cm³).**
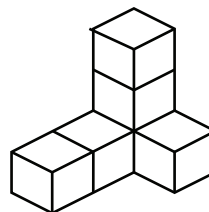

☐ = 1 cubic cm or 1cm³   ☐ = 4cm³

Directions: Count the number of centimeter cubes to find the volume of the objects.

1.

$\underline{60}cm^3$ = Volume

2.

$\underline{6}cm^3$ = Volume

3.
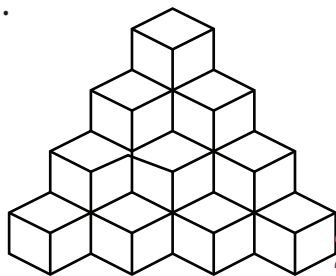

$\underline{20}cm^3$ = Volume

4.
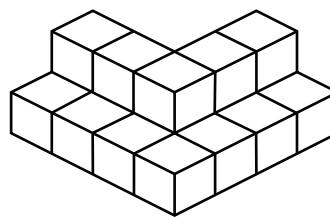

$\underline{17}cm^3$ = Volume

5.
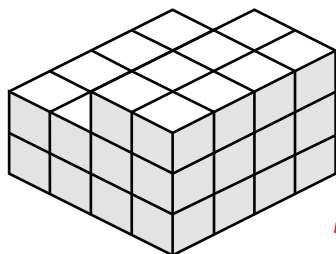

$\underline{40}cm^3$ = Volume

6.

$\underline{14}cm^3$ = Volume
