Answers Word Problems in the School Day:
Addition & Subtraction

Name: _____   Date: _____

Solve. Be sure to show your work.

1. Mrs. Banker's 3rd grade class had 24 students. Mr. Kennedy's 3rd grade class had 23 students. How many students were there all together?
   24 + 23 = 47

2. At the beginning of the year, I brought in 32 markers. My teacher already had 12 markers at the desk. How many markers in all were at my desk?

   32 + 12 = 44

3. The gym had 30 basketballs. Five basketball were lost. How many basketballs were left?

   30 - 5 = 25

4. My teacher had 56 pairs of scissors. She gave a pair to each student in our class. My class has 21 students. How many pairs of scissors does my teacher have left?

   56 - 21 = 35

5. At recess, 14 people played kickball. They needed eight more players. How many players in all did they need to play the kickball game?

   14 + 8 = 22
