

A **complimentary color pair** is made up of a **warm** color and the **cool** color opposite of it on the color wheel.

Yellow's partner is **violet**. When used together, the two create a bold and brilliant image.

These fish, **Gilly** and **Philly**, are mirror images of each other, creating a **symmetric** or equally balanced picture.

Color **Gilly's** body, tail, fins, and eyelids the different options of **yellow** from your crayon box. Color her face, spots, and lips variations of **violet**.

Color **Philly's** body, tail, fins, and eyelids the different options of **violet** from your crayon box. Color her face, spots, and lips variations of **yellow**.

The result will
be two bubbly bright fish!
