Remember: An **inference** is a conclusion you draw based on your own reasoning and evidence found in a text.
In your own words, describe **three** clues you found in the text that led you to make an inference.

--	--	--

Record **two** quotes from the text that support your inference. Include page numbers for each.

--	--

Based on the evidence above, write **one** inference as a complete sentence.
(Example: *I think...because...* OR *I inferred...because...*)
