

Multiply by 9: Use Your Hands!

For 1×9 through 9×9 , use your hands to show you the answers.

1. Hold your hands in front of you with your fingers spread out.
2. For 9×3 bend your third finger down. (9×4 would be the fourth finger etc.)
3. You have 2 fingers in front of the bent finger and 7 after the bent finger.
4. Thus the answer must be 27.
