

# A Recipe for Transition Use

**Transition words**, much like bridges between your thoughts, help readers move from one idea to the next in an organized way.

Here are some helpful transitions for sequential writing:  
First... Second... Third... Next... Now... After... Later...

**Directions:** Read through the Unicorn Slime recipe two times.

**Unicorn Slime**

**Ingredients**

- 1 bottle of Elmer's glitter glue 6 oz - (pink, yellow, and blue for unicorn colors)
- Pink, gold, and blue glitter
- 1/2 TBSP of baking soda
- 1½ TBSP of contact lens solution.
- Optional: Add 1 TBSP of water to the glue if you'd like a stretchier slime.

**Instructions**

1. Get a bowl.
2. Pour your entire 6 oz Elmer's Glitter glue into the bowl.
3. Add your 1/2 TBSP of baking soda and mix well.
4. Add the glitter color that matches the glue color, and continue to mix.
5. Slowly add in your contact lens solution.
6. Mix until your slime forms and begins to harden.
7. Take it out and knead it.
8. Repeat steps 1-7 for the other two colors.
9. Wind the three slimes together and you have your Unicorn Slime!

**Write it out!** Read the Instructions section. Write out the instructions using the transition words in the box above. Circle the transition words you use.
