

Name: _____

Date: _____

Adding Up Inferences

Make **inferences** (guesses) using **evidence** from the text and **schema** (what you already know).

Example: Juliana put on shorts and sandals.

shorts, sandals	+	usually worn on a hot day	=	Juliana is going outside on a hot day.
evidence		schema		inference

1. Tommy stopped crying when his dad gave him a bottle of milk.

	+		=	
evidence		schema		inference

2. We saw lions, monkeys, and penguins before we stopped for ice cream.

	+		=	
evidence		schema		inference

3. The bell rang just as Tien turned in her homework.

	+		=	
evidence		schema		inference
