Name _____   Date _____
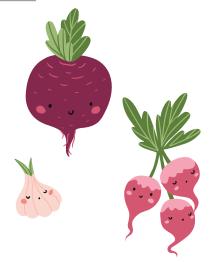

Addition with Base 10 Rods

Use the rods to add the numbers and identify how many you have in the tens and ones place. Then change your number sentence to show the tens plus the ones.

Example:

Paige had 8 vegetables. Aminata gave her 8 more.
How many did she have in all?

5 + 8 = __13__

There is __1__ ten and __3__ ones.

__10__ + __3__ = __13__

○	○	○	○	○	●	●	●	●	●
●	●	●							

Now You Try!

Brennan had 4 vegetables. Alex gave her 13 more.
How many vegetables did she have in all?

4 + 13 = _____

There is _____ ten and _____ ones.

_____ + _____ = _____
