# Adverbs: How, When, and Where

Adverbs are words that tell how, when, where, to what extent, and why. Cut out the adverbs from the word sort page. Glue them in the column that shows what that adverb describes: Does it tell **how**, **when**, or **where** something happened? Be careful! There are three words that are NOT adverbs.

How?	When?	Where?

## Adverbs: How, When, and Where

often	frantically	above
quickly	now	gently
away	laboratory	sadly
never	recently	today
ran	below	downstairs
foolishly	early	tomorrow
here	outside	there
late	wherever	always
safely	well	looked
yesterday	wildly	cruelly
around	up	joyously
