

April Fools' Day: Sugar French Fries

This April Fools' Day, replace a classic salty snack with a little bit of sugar!

INGREDIENTS:

1 package of plain, prepared breadstick dough
Scissors
Sugar
White envelope
Seedless strawberry jam

DIRECTIONS:

Begin by unrolling the dough and separating the breadsticks. Then, use the scissors to cut them into 1/4-inch wide sticks.

Roll the sticks in sugar and bake them on a cookie sheet according to the package directions, or until golden brown. Leave them to cool on the baking sheet.

Make this even more fun by putting the fries in a fast food fry sleeve or the cut-off end of a sealed envelope. Serve them with a side of "ketchup" (jam stirred with a fork to a smooth consistency).
