

# Mini Banners

Make a mini banner for yourself or friends! Write, draw, outline, scribble, and fill in the blank shapes below to create a one-of-a-kind personalized pennant! There's also an envelope on the second page to make for gift giving or storage!

**1** After the name has been written and decorated, cut out and fold the triangles. If you need help, ask a grown-up. You will need string, ribbon, or yarn and some tape.

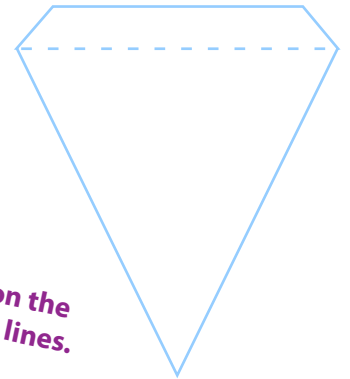

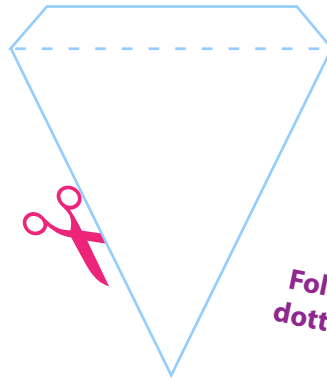

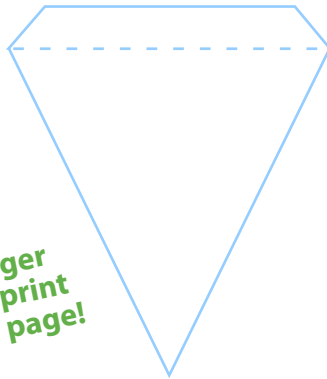

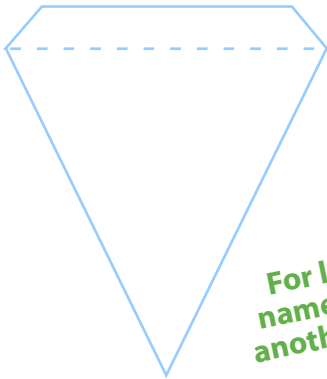

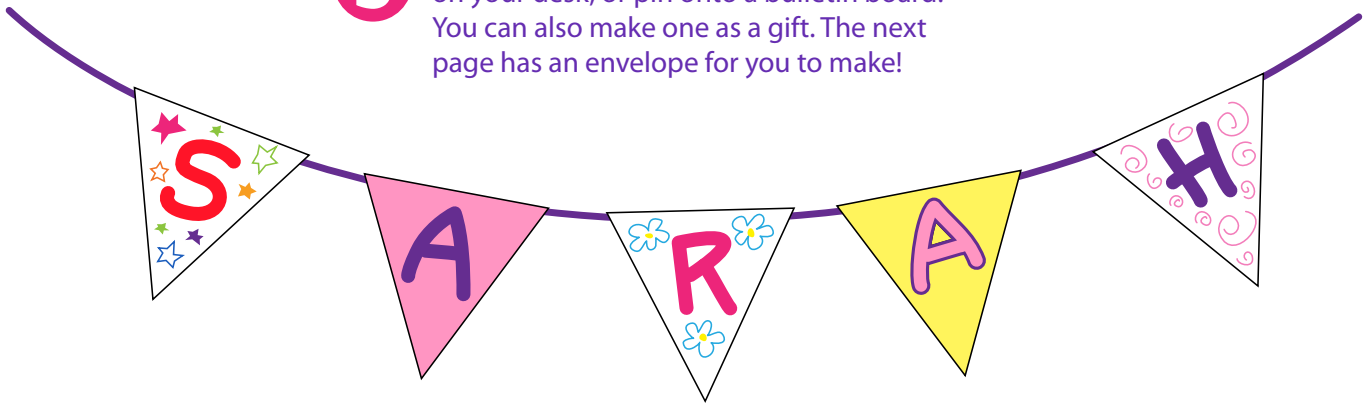

**2**

Secure each triangle to your piece of yarn by sliding the folded part over the yarn and taping it to the back of the triangle. Make sure the piece doesn't slide around. Leave room on each end for taping or tying.

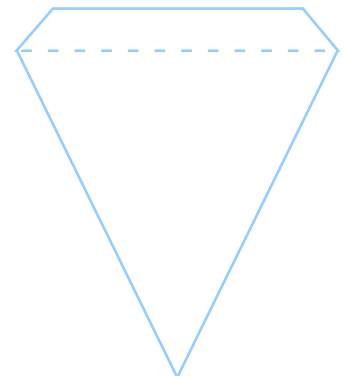

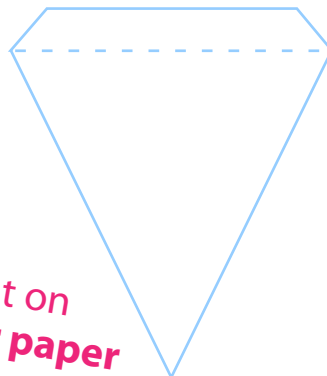

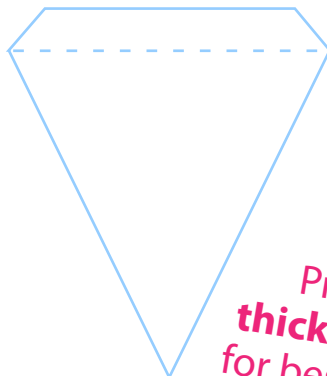

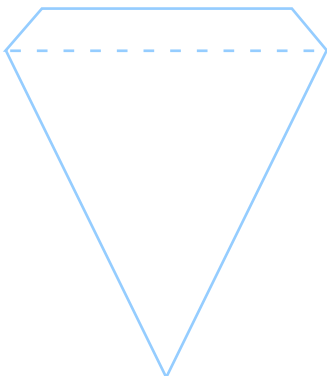

**3**

Tape or tie your mini banner in your room, on your desk, or pin onto a bulletin board! You can also make one as a gift. The next page has an envelope for you to make!

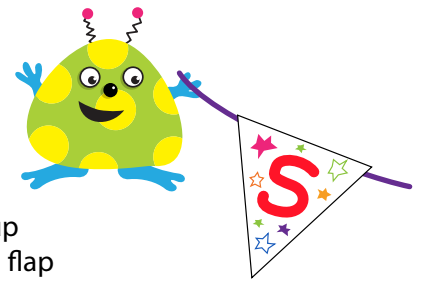

For longer names, print another page!

Fold on the dotted lines.

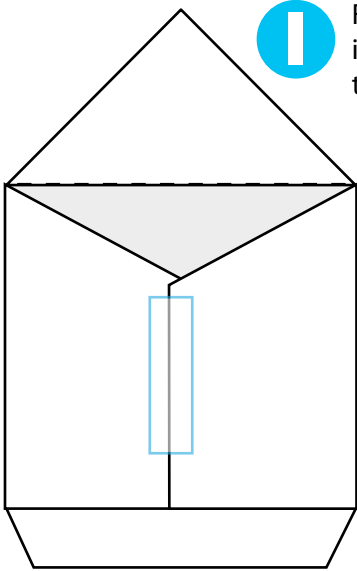

Print on thicker paper for best results.

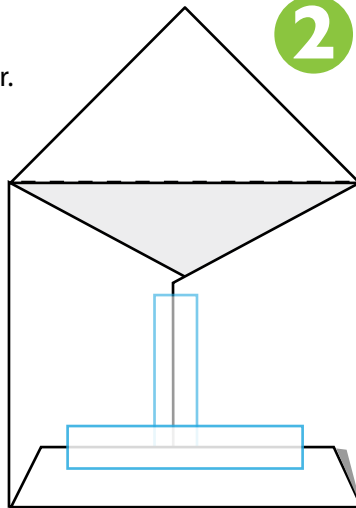

# Mini Banners Envelope

**1** Fold the sides in and tape them together.

**2** Next, fold up the bottom flap and tape.

**3** Decorate!

**Fold on the dotted lines.**

Print on **thicker paper** for best results.
