

Dice Game: Bullseye!

Name _____

Date _____

Who has the best score in six rolls? To play the dice game Bullseye:

- Have player 1 roll two dice six times and record their score in the chart for each roll. Total up the scores.
- Have player 2 roll two dice six times and record their score in the chart for each roll. Total up the scores.
- Compare each round and the total scores. The player with the higher number gets a point. The player with the most points wins!

Player 1 Roll	Die 1	Die 2	Round Total
