# Mad Money #3

Determine how much the mask costs. The number below each coin represents how many of each coin there is. Calculate the amount of each coin.

4	3	5	7	
				TOTAL
☐	☐	☐	☐	☐

You pay for the mask with a $5 bill. Calculate how much change you get back. Using the highest denomination of coin, write how many of each coin equals the change.

$5 bill	
Total from above	
Change	

___ ¢	___ ¢	___ ¢	___ $
