

Name: _____

Date: _____

In this game, you will use candy to practice multiplication! Place the number of candies onto the circles, and then record the addition and multiplication expressions in the chart. See the example below.

Example: Make 3 groups of 5.

Your board should have 5 candies in 3 circles

Addition Fact	Multiplication Fact	Answer
Example: $5 + 5 + 5$	5×3	15

Name: _____

Date: _____

Candy Multiplication Game

Use these circles to make equal groups of candies.
