

Pin the Star on the Christmas Tree

# Here are the stars for your Christmas tree!

## How to Play:

Color in the tree and tape it to a wall.

Color and cut out the stars on this page and put a loop of tape on the back of each star. Give one to each player.

Use an old shirt or clean handkerchief as a blindfold. Tie it around the first player's eyes so he can't see.

Each player takes turns putting on the blindfold, spinning around three times, then trying their best to stick their star on the very top of the tree. No peeking under the blindfold!

Whoever has the star closest to the top of the tree is the winner!
