

CHRISTMAS WORD PROBLEMS #13

Solve the following word problems.

There are 5 kids decorating the town Christmas tree. Each kid is holding 3 decorations. How many decorations are there in all?

If Andrew has 11 candy canes in his stocking and Devon only has 6, how many more candy canes does Devon need to have the same number as Andrew?

Dana has 8 presents on her Christmas list, while her friend Marlene has 13 presents. How many presents are the girls asking for all together?

Jenny plans to finish her Christmas shopping in a week. Her best friend Terry wants to finish her shopping in 6 days. Which girl will finish her Christmas shopping first?

Taylor saw 9 Christmas movies this week, while Morgan saw 7. How many Christmas movies did the boys see in all?
