

Color and Count Pennies and Nickels

with Chris and Yannick

One nickel is equal to five pennies.

Nickels are gray and pennies are *brown*.

Color each nickel gray and each penny brown. Add the coins in each box together and write down your answers.

 +
 
 = _____ cents

 = _____ cents

 = _____ cents

 = _____ cents

 = _____ cents

 = _____ cents

Bonus: If you add together ALL the coins you see on the page, how much change will you have? = _____ cents
